## GIN

*Hendrick's is an iconoclastically produced small batch gin distilled in miniscule batches of 500 litres in Ayrshire, Scotland.*

*The unusual distillation process combined with the oddly delicious set of infusions yields a one-of-a-kind gin that is passionately loved by a tiny yet growing handful of individuals all over the world. The unique, soft, lowland Scottish water provides the perfect medium for the grain spirit and our unusual array of botanicals. No other gin tastes like it because no other gin is made like it.*
